## Retailer Comments

This vehicle won't be on the lot long! Both practical and stylish! Turbocharger technology provides forced air induction, enhancing performance while preserving fuel economy. Jaguar prioritized handling and performance with features such as: power front seats, telescoping steering wheel, and voice activated navigation. Under the hood you'll find a 6 cylinder engine with more than 300 horsepower, and for added security, dynamic Stability Control supplements the drivetrain. We pride ourselves in consistently exceeding our customer's expectations. Stop by our dealership or give us a call for more information.
