Description

ONE OWNER! Purchased and serviced at Zeigler JLR! 20" Wheels, Basic Rear Seat Convenience Pack, Black Exterior Pack, Cold Climate Pack, Front Fog Lights, Headlight Power Wash, Heated Front Seats w/Driver Seat Memory, Heated Front Windshield, Heated Steering Wheel, Leather steering wheel, Navigation system: Pivi Pro (Connected Navigation), Power Liftgate, Power moonroof, Security system, Wheels: 20" Diamond Turned (Style 5031). 2023 Jaguar F-PACE P250 S Eiger Gray.

The 2023 Jaguar F-Pace S, specifically the P250 S variant, serves as the core volume model of the lineup, striking a calculated balance between luxury amenities and entry-level efficiency. It is powered by a 2.0-liter turbocharged four-cylinder engine generating 247 horsepower and 269 lb-ft of torque, mated to an eight-speed automatic transmission with satin chrome gearshift paddles. This configuration sends power to a standard all-wheel-drive system, allowing the SUV to sprint from zero to 60 mph in a respectable 6.9 seconds while achieving an EPA-estimated 22 mpg in the city and 27 mpg on the highway. While it lacks the sheer velocity of its six- and eight-cylinder stablemates, the F-Pace S retains a rear-wheel-biased chassis architecture, standard independent

adaptive suspension, and speed-proportional steering to deliver the agile, car-like handling dynamics expected of the Jaguar badge.

Moving up to the S trim over the bare-bones base model elevates the cabin experience with an influx of premium materials and tech-focused upgrades. Occupants are treated to 12-way power-adjustable, heated front sport seats wrapped in perforated Duo Leather with driver memory settings, alongside engineered aluminum interior trim finishers and configurable cabin lighting. The technology centerpiece is the responsive Pivi Pro infotainment system, which features a prominent 11.4-inch curved glass touchscreen, Amazon Alexa integration, wireless Apple CarPlay and Android Auto, and a wireless device charger, all routed through a 400-watt, 11-speaker Meridian sound system. Pragmatism remains a strong suit, as the vehicle offers 32.1 cubic feet of cargo room behind the 40/20/40 split-folding rear seats and maintains a class-leading towing capacity of up to 5,291 pounds. Visually, the S trim rides on 19-inch gloss sparkle silver wheels, boasts signature J-Blade LED daytime running lights, and comes equipped with standard driver assistance features like adaptive cruise control, lane-keep assist, blind-spot monitoring, and a 3D surround camera system.

Here at Jaguar Land Rover Schaumburg, we appreciate the opportunity to earn your business. This begins by being 100% committed to putting our customers first and offering complete transparency with every transaction.
